FULL RETAIL MERCHANDISING PROGRAM

What is the Program?

The WWD Complete BAM360 program includes:

Design and Engineering Excellence

Our team of experienced designers and engineers works closely with you to ensure every design is tailored to your exact specifications.

Powerhouse Manufacturing Under One Roof

Step inside our **state-of-the-art, 65,000 sq. ft. facility.**

- Robotic welders, laser cutters, CNC machines and tube benders bring ideas to life.
- Manufacturing and management operate seamlessly side by side.
- Quality, efficiency, and craftsmanship are built into every step.

Partnership that Delivers

With dedicated account managers guiding your project from kickoff to delivery, we guarantee your expectations will not just be met—they'll be exceeded.

Impactful Print Solutions

Our **full-service print department** ensures your brand visuals and marketing materials reflect the highest standards and resonate with your campaign goals.

Reliable Logistics

Rest easy knowing your merchandisers will arrive exactly when and where you need them. Logistics are part of the package.

AR-X: Augmented Reality That Sells

- Included with your Bam360 program is **AR-X**, our exclusive merchandising solution that places your product catalog right into your client's environment using real-time augmented reality. Your team can view and manage everything from one branded digital space—anytime, anywhere.
- Access your web-based merchandising catalogue in real time. Clients can visualize, explore, and make decisions faster than ever—without leaving their office.
- Let your sales team and retail partners explore your displays in 3D using our online AR sales tool. It's not just innovative—it's immersive.
